

Dear Sirs,

We proudly present our 2 beachfront hotels, Kontokali Bay Resort & Spa 5* and Aeolos Beach Resort 4* on Corfu island.

Following the recent increase of requests received from the Turkish market, lead to the idea for contacting your esteemed association Tursad.

Corfu is a unique spot to present Greece from another aspect than the usual one. The Ionian Sea is full of amazing landscapes, beautiful scenery of rich nature and almost exotic beaches, with unique colorful sea waters.

The traditional Greek hospitality and cuisine coexist with an elegant Venetian flair while you visit the Old Town of Corfu, which is protected by UNESCO.

Plenty of variety of daily trips to nearby islands, like Paxos & Antipaxos or exploring Corfu, are professionally planned to ensure best quality services for each customer.

We at Kontokali Bay Resort & Spa as well as Aeolos Beach Resort believe that if you want to propose a destination out of the box, then Corfu is your key for creating new horizons towards your clientele. Attached we are sending you our rates for 2015 season, along with detailed description of both our resorts.

We would be delighted to be of any additional assistance for launching these new products to your market with promotional material.

Please feel free to get in touch with us anytime for discussing potential future cooperation.

Sincerely Yours

Christos D. Katsigiannis
