

### 3...2...1...go na Place2go

In human years we would say he's in preschool, but in the life of a fair, 5<sup>th</sup> year means that the projects is well on its feet, that the public recognized it as an important event and that the exhibitors from four previous years were pleased with the success of their participation. What is most significant for Place2go fair is that this "small and charming" fair is constantly growing, not only by quantity but also in quality. This is first and foremost evident from the fact that it has been recognized by different countries which have chosen Place2go fair as a place where they first presented themselves on the Croatian market.

For the first time city of Brussels and exotic Namibia presented themselves this year, and also to us well known participants but still very attractive – countries like Thailand, India, Malaysia, Tunisia, United Arab Emirates.... Also, let's not forget our close destinations like Slovenia, Serbia, Austria, Hungary, and of course, a lot of Croatian exhibitors. Please take a look at this short video to see the part of the wonderful atmosphere: <https://vimeo.com/124504687>.
